SHINKO ELECTRIC INDUSTRIES CO., LTD. Takaoka Plant Achieved Platinum Status, the Highest Level in the RBA VAP Audit

NAGANO, Japan, April 25, 2025 – SHINKO ELECTRIC INDUSTRIES CO., LTD. announced that it has achieved Platinum Status, the highest level of recognition, in the Responsible Business Alliance (RBA) Validated Assessment Program (VAP) audit at the Takaoka Plant (Nakano City, Nagano Prefecture), which is its largest production site.

The RBA is a global non-profit coalition that aims to fulfill social responsibility by building sustainable supply chains, comprised of companies in the electronics, retail, automotive, and other industries. RBA has established a Code of Conduct to ensure that workers are treated with respect and dignity, the working environment is safe, and that business activities are carried out in an environmentally and ethically responsible manner. In VAP audits, third-party audit firms assess whether the operations of companies are conducted properly, based on the Code of Conduct.

In recognition of its compliance with the Code of Conduct and the proper management and operation in all items of Labor, Health and Safety, Environment, Ethics, and their Management Systems, the Takaoka Plant has achieved the highest level of Platinum Status with a perfect score of 200 points.

Through the provision of advanced products and services, we will continue to help to enrich the lives of people all over the world, and by further promoting activities in accordance with the RBA Code of Conduct, we aim to fulfill our social responsibility as a company as well as to realize a sustainable society and enhance our corporate value.
